EDUCATION.

No. 38-*C.D.*—The following circular letter to Local Governments and Administrations regarding the Report on the conference on the education of the domiciled community, with its Appendices A & B, is published for general information :—

No. 23-31-C-D.

FROM

THE HON'BLE MR. H. SHARP, C.I.E.,

Joint Secretary to the Government of India,

Delhi, the 8*th January* 1913.

DEPARTMENT OF EDUCATION.

EDUCATION.

SIR,

I am directed to forward for the information of the Governor in Council a copy of the discussions and resolutions of the conference on the education of the domiciled community which was held in Simla in July 1912. Other copies will be forwarded to you direct by the Superintendent, Government Printing, Calcutta.

B-1

2 The object of the conference was to consider and where necessary to make suggestions for improving the facilities open to the domiciled community for obtaining education, in continuation of the conference held at Allahabad in February 1911, to consider similar questions in regard to the education of Indians. The Government of India desire to recognise the value of the work accomplished by the conference and the zeal and ability displayed by both the official and the non-official members of it. His Excellency in Council has no doubt that the Local Governments will give earnest attention to the problems discussed and the recommendations formulated by so representative a conference on so important a matter.

3. At the outset the Government of India desire to reiterate their adherence to the policy of reliance on private enterprise guided by inspection and aided by grants from public funds. They are impressed, however, by the needs of the domiciled community and desire as part of the general programme of educational improvement in India that this community should receive a liberal measure of support in supplement to increased efforts on its part to improve the education of its children.

4. In addition to the formal resolutions recorded certain opinions of the conference were placed on record in an informal way. These will be found upon pages 13, 16–17, 34, 36 and 38 of the Report and are reproduced in Appendix A of this letter. The first (page 13) relates to the bringing under education of those for whom no facilities are at present available. This is recognised in resolutions XIII and XV (2) to be one of the most urgent needs of the community. The Government of India commend this matter to the special attention of Local Governments. They have already made grants of Rs. 40,000 and Rs. 30,000 a year respectively to the Local Governments of Bengal and Madras in order to relieve the situation in the towns of Calcutta and Madras where the state of the poorer members of the domiciled community was said to call for specially urgent attention. The fourth (page 36) regarding the formation of local syndicates or standing consultative committees to give effect to the recommendations of the conference is one to which much importance was attached by the conference. The second, third and fifth deal respectively with a suggested experiment in training teachers, with forms of trust-deeds and with the importance of saving girls from mental and physical pressure. These are important matters on which the Government of India await the matured views of Local Governments.

5. The resolutions will be found on pages 41—44 of the Report and are reproduced in Appendix B of this letter. The Government of India think that it will be convenient if they give some, necessarily general, indication of their opinion in regard to some of these resolutions while recognising that uniformity is not obtainable owing to varying conditions in different parts of India, and local differences of system and reserving their final opinion until they are in possession of the views of Local Governments.

Resolution I—Compulsory Education.—The Government of India while quite ready to recognise in principle the desirability of introducing compulsory education in certain areas are inclined to think that the practical objections to such action are at present not less great than they have been found to be in the case of Indian children.

Resolution II—Grading of Schools.—The desire to introduce a more modern and practical form of education for the majority of the boys entirely commends itself to the Government of India. They will be glad to have the views of Local Governments whether this can be attained by grading of schools or in other ways.

Resolution III—Remuneration of Teachers.—His Excellency in Council concurs in resolutions XIII and XV (3) which place the improved remuneration of teachers in the forefront of the programme side by side with the reclamation to education of the boys and girls who do not attend school. As regards the particular proposals of the conference the views of Local Governments are awaited.

Resolution IV—Training of Teachers.—The Government of India are already considering the question of the institution of a new Government training college at Bangalore. Should they decide to do so they will not be prepared in addition to provide funds for special studentships tenable abroad for training teachers. But they are disposed to recommend to the favourable notice of Local Governments the suggestion that one scholarship to be held abroad should be given to a member of the domiciled community in each major province every year and in other provinces as necessary.

Resolution V—Collegiate Education.—The Government of India have no desire to prejudge the question but apart from any question of policy involved, they are disposed to think on the information before them that there is not a sufficient demand for collegiate education to justify the foundation of an university arts college for the domiciled community. Subject to the opinions of Local Governments they are disposed to think that the case would be met by the attachment of arts and science graduate courses to a training college and the erection of special hostels for members of the domiciled community at certain colleges. Should a training college be established at Bangalore the former measure would seem to meet the needs of southern and the latter measure of northern India.

In view of the approaching enquiries of a Royal Commission on the public services in India the Government of India do not propose to institute separate enquiry on the question whether avenues of employment have or have not been closed to the domiciled community.

Resolution VI—Grants-in-aid.—The Government of India will be glad to have the views of Local Governments on the recommendations of the conference in the matter of grants.

Resolution VII—Concentration of Schools.—The Government of India commend the general conclusion of the conference to the notice of Local Governments. The difficulties in the matter of concentration are well known. I am to ask whether any practical scheme of concentration can be elaborated but to suggest that the replies on other points referred in this letter should not be delayed until this has been done.

Resolution VIII—Examinations and Certificates.—The questions raised by this comprehensive resolution are both difficult and important. The opinions of Local Governments are awaited, as also in regard to *resolution IX, award scholarships; resolution X, special scholarships for soldiers' children; resolution XI, medical inspection and supervision; and resolution XII, administration and inspection.*

Resolution XIV—Instruction in Temperance.—The Government of India attach special importance to this resolution and would be glad to know how effect can best be given to it.

Resolution XV—Education of Women.—The Government of India accept the view that a separate all-India Conference on the education of girls is not necessary They must leave it to Local Governing a State scholarship to be given annually for girls of the domiciled community and do not propose to give more than one such scholarship themselves. The other questions mentioned are referred to Local Governments

6. The organization of European education is peculiar in being governed not by separate provincial codes but by a single all-India code, adapted where need be to suit local conditions. The view was expressed at the conference that European education should be centralised under the Government of India. This is neither desirable nor practicable, but there are obvious advantages to a certain measure of uniformity in some matters such as grants-in-aid, examinations and certificates, etc. It will be convenient in stating their views as to reforms if Local Governments indicate what alterations are required in the code, and whether those alterations should be of a general nature or should apply only to their own provinces

7. The Government of India desire that (with the consent of His Excellency in Council) the whole question may now be examined with a view to the presentation of comprehensive schemes of reform, accompanied by such general estimates of cost as it may be possible to draw up They are unable to say at present what grants they will be able to provide from imperial revenues but they intend to give as much support as the financial position may for the time being permit.

APPENDIX A

1. The general sense of the Conference was expressed as follows.—

(i) That in order to break down illiteracy and meet the needs of the poorer members of the domiciled community free and low-fee boarding schools should be encouraged by more liberal grants, the grants continue till the pupils reached the age of 18 as was already the case in some provinces, and that arrangements should be made, where possible, to attach destitute children to practical pursuits, agricultural and industrial on the lines of Kalimpong, and efforts made to get them apprenticed in Government factories, firms, the mints, etc., and further that the grants should be given as in Bombay to day schools throughout India. Page 12.

(ii) That the state of the poorer members of the domiciled community in Calcutta and Madras calls for specially urgent attention.

2. The Conference were generally of opinion that there were great difficulties in the way of introducing a pupil teacher system as a method of selecting young men for the training college. They thought that as a system of selection for entrance into the training college apprentice teachers might be tried at once experimentally in selected schools during a period of probation provided that adequate Arrangements were made for instruction and supervision and provided that the staff of the selected schools was not reduced. Pages 16-17.

3. It was the sense of the Conference that the form of Trust Deed executed in reference to a building grant should be revised so as to allow for depreciation of the building and the clearance of all liability within a fixed term of years Page 34.

4. The general sense of the non-official members was invited. They were unanimously of opinion that Syndicates or Consultative Committees for convenient areas should be formed to assist in giving effect to the recommendations of this Conference in due course Page 36.

5. It was the sense of the Conference that it was very important to save the girls from mental and physical pressure. Page 38

APPENDIX B.

RESOLUTIONS OF THE CONFERENCE

Resolution I—Compulsory Education, page 3.—The Conference desire to press upon the attention of Government their opinion that the introduction of compulsory education is necessary to secure that certain classes of the domiciled community, in their own interests and in those of the general public, attend school. They recognise that this will involve the introduction of free education for all who cannot pay fees

Resolution II—Grading of Schools, page 8.—The Conference recommend to the attention of Government that:—

(i) The great majority of the high schools for boys in India should adopt a more definitely modern and practical curriculum, such as is referred to in the resolutions of the Calcutta committee as "secondary;"

(ii) Besides these schools a few schools are required with a curriculum leading to the universities and liberal professions, to be called "Collegiate Schools", but to be schools and not colleges;

(iii) Government should be invited to determine, in consultation with the managers of schools, what existing schools should be collegiate schools or whether new schools should be founded.

Resolution III—Remuneration of Teachers, page 14.—The Conference recommend that —

(i) Salaries of teachers need to be raised, teachers whether recruited in England or in India should in all cases be given incremental salaries reaching a maximum as a rule in ten years; generally speaking initial salaries are insufficient, and it should be obligatory on all schools to start provident funds

(ii) Government be urged to make grants to these ends

(iii) Free education or education at special rates should be obligatory in Government schools and recommended to aided schools for the children of teachers in active employment in those schools.

Resolution IV—Training of Teachers, page 18.—The Conference recommend to the attention of Government that:—

(i) In view of the provision necessary for the large numbers of children of school-going age at present attending no school, of the numbers of untrained teachers at present in the schools, of the probability of male teachers replacing to some extent women teachers if salaries are raised, and of the attractions of higher salaries generally, a Government training college or colleges for men be established as early as possible at suitable centres.

(ii) It was considered that the first new Government training college should be established at Bangalore.

(iii) One scholarship to be held abroad should be given to a member of the domiciled community in each major province in every year and in other provinces as necessary.

(iv) So long as Government recognise the necessity, a certain number of studentships be created for men and women of approved educational qualifications for the purpose of training as teachers abroad, and such studentships should cover all expenses of passage, maintenance and training; provided that this would not prejudice the resolution (iii) already carried.

Resolution V—Collegiate Education, page 21.—The Conference recommend to Government that:—

(i) A separate University arts college should be instituted, either affiliated, if possible, to a Western university or self contained and conferring its own degrees.

(ii) If this be found to be impracticable, there be added in connection with at least one of the training colleges for teachers, arts and science graduate courses both for the advantage of the candidates for the teaching diplomas and also for such other Anglo-Indian students as desire to take advantage of them; and the college be affiliated to a recognised university.

(iii) In addition, that good hostels for the members of the domiciled community be erected in connection with existing colleges, where such are required.

(iv) One great obstacle to the spread of higher education among the domiciled community is the belief common amongst them that avenues of employment formerly open have been closed to them; in the interests of the spread of higher education Government should be asked to institute an inquiry as to whether the belief in question is well founded, and, if that is shown to be the case, steps should be taken to provide the remedy.

Resolution VI—Grants-in-aid, page 26.—The Conference are strongly of opinion that:—

(i) The Government grants to schools should be of such amount and given in such a way as to enable all schools, that are recognised by the provincial education departments as necessary, to be efficient in the grade in which they are classed.

(ii) The auditing of accounts of European schools should be made a distinct and separate function of the Accounts Department, and either a single auditor appointed for all India, or separate auditors for each province or each inspectional jurisdiction, as the Government may think necessary, and the school audit should be conducted on the school premises.

(iii) Provided all school accounts are complete and audited by a properly qualified person, the income and expenditure of every school should be budgeted for a period of one or more years and the Government grant should be calculated to be of such definite total sum as, with the estimated income from other sources, will be sufficient to enable the total income to equal the expenditure necessary to make the school work efficiently.

Resolution VII—Concentration of Schools, page 28.—The Conference resolve that concentration of schools is desirable where possible.

Resolution VIII—Examinations and Certificates, page 31.—The Conference are of opinion that:—

(i) Two kinds of Government certificates should be awarded to the pupils of secondary schools. *First School Certificates* and *Leaving Certificates*.

The First School Certificate should be awarded to those pupils whose school record show:—

(*a*) that they have been on regular attendance at a secondary school for at least three years;
(*b*) that they have completed an approved course of general education as set forth in their school record;
(*c*) that they have passed the recognised external examination in the subjects prescribed by the department.

The Leaving Certificate should be awarded to those pupils whose school records show:—

(*a*) that they have been in regular attendance at a secondary school for two years after obtaining the First School Certificate;
(*b*) that they have completed an approved further course of education as set forth in their record;
(*c*) that they have passed the recognised external examination in the subjects prescribed by the department.

(ii) For the present the Cambridge University Junior School Certificate Examination or the Cambridge Senior * Local Examination be the recognised external examination for the *First School Certificate*, and the Cambridge University Senior School Certificate Examination or the Cambridge University Higher Local Examination or the Cambridge Senior Local Examination be the recognised external examination for the *Leaving Certificate*.

(iii) The pupils in high and collegiate schools should be submitted to no other external examinations than those mentioned above. And no school shall without special sanction offer candidates for both the Cambridge School Certificates and the Cambridge Senior * Local Examinations.

* Before these resolutions were finally passed, all mention of the Cambridge Junior Local Examination was omitted, at the suggestion of certain members. Mr. Arden Wood, when looking over the proof, pointed out that this was inserted, and that in (ii), "Senior" in the second line should read "Junior," and that, in (iii) "Senior," in the last line should be omitted. Mr. Cockburn Smith also drew attention to the error.

(iv) The Government should take action to secure—

(a) That the Leaving Certificates of high and collegiate schools shall be accepted as a preliminary educational qualification for admission to service in specified grades in the departments of Government.

(b) That the Leaving Certificates of collegiate schools shall confer exemption from such Preliminary examination of professional and other bodies as it may be possible to arrange.

Resolution IX—Award of Scholarships, page 32.—The Conference are of opinion that it must be left to the departments to decide the best way in which to award scholarships, but they record a strong opinion that boys and girls of 12 and 13 years of age ought not to be submitted to the strain of a competitive examination.

Resolution X—Special Scholarships for Soldiers' Children page 33.—The Conference are of opinion that, in view of the fact that the children of soldiers serving in India are placed at a disadvantage as compared with those at home owing to the latter being eligible to compete for County Council and other scholarships at secondary schools, a certain number of free pupilships in high schools should be awarded to children attending regimental schools in India.

Resolution XI—Medical inspection and supervision, page 34.—The Conference recommend that—

(i) Government should appoint medical officers who shall examine at least once during each school term the pupils in each school.

(ii) The said medical officers should have statutory powers to enforce regulations regarding sanitary or hygienic arrangements in school buildings and dormitories.

(iii) Provision be made to give gratuitous medical treatment (including the furnishing of spectacles) to necessitous pupils.

Resolution XII—Administration and Inspection page 35.—The Conference recommend that the inspecting staff should be increased, that the Inspector of European Schools should wherever possible be a whole-time Inspector and that Inspectors of European Schools should, if possible, be appointed for a term of five years.

Resolution XIII—Urgency of Measures, page 36.—The Conference express the opinion that of the resolutions of this Conference for which financial aid will be required, the most urgent are the education of those children who do not at present attend school, and the improvement of the pay and prospects of the teachers.

Resolution XIV—Instruction in Temperance, page 36.—The Conference recognising disastrous results of intemperance, and being convinced that no part of education is more truly practical than that which aims most directly at the improvement of moral character and the formation of strong and good habits in the young members of any community, earnestly recommend that in courses of instruction in general hygiene and physiology there be included special instruction in temperance and the effects of alcohol on the human body, and they desire to draw the special attention of Government to this very important matter.

Resolution XV—Education of Women, page 37.—The Conference consider that—

(i) Inasmuch as a great many of their recommendations in regard to the education of boys apply *mutatis mutandis* to girls, a separate All-India Conference on the education of girls is not necessary, though local Conferences may be desirable in some provinces.

(ii) The two most urgent problems in the case of girls as in the case of boys are the extension of education among the illiterate, and the improvement of the pay and prospects of teachers.

(iii) No new Government central training college is required in the case of girls; but all encouragement should be given to existing institutions, or being secured that in any province in which all training is in the hands of one denomination, facilities should be given for the erection in connection with it of hostels for the use of members of other denominations or that in some way or other due provision be made for their training.

(iv) The applicability to schools for girls of the recommendations of this Conference in connection with the classification of schools, the curricula, examinations and scholarships be referred to Local Governments for further consideration after consultation with experts in the education of girls.

(v) The Government should be asked favourably to consider the grant of scholarships for girls tenable abroad

Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application which must invariably be the place where he is employed or ordinarily resides, or should it not be a centre, the place nearest to it where the examination is held. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 20th January. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination candidates are recommended to refer to Part I-B of the* Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by the Director of Public Instruction, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, *before the* 31st *January*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will by valued by examiners unless the certificate of authorship is in each case quite satisfactory, and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicions attaches to any certified works submitted by pupils from Technical Schools, the Commissioner will be compelled to recommend to the Director of Public Instruction the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a seperate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be

sent in one and the same roll. *Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink*:—

(1) Name of candidate.
(2) Place of examination.
(3) Subject.
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled up* with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's Office on or before the 31st January, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the mufussal should obtain the required application forms from the Treasury of the taluk to which they are resident or of the district to which they belong. Candidates in Mysore, Travancore and Cochin States should obtain the same from the Honourable the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam, and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufussal requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Elementary	Intermediate.	Advanced
	Rs.	Rs	Rs.
For each subject	3	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application, which must in every case reach the Commissioner's Office on or before the 31st January. *On no account will the fees be received in the Commissioner's Office, whether sent in cash or by Post Office orders. No application will be registered unless it reaches the Commissioner's Office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post paid, superscribed and addressed as follows the receipt for the fee paid *being securely fastened to it.*

☞Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other "certified works" that may be sent, but should be submitted in a *separate* cover.

The Secretary to the Commissioner
for Government Examinations,
Nungambakkam,
Madras, S.W.

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post card in their respective applications.* The post card should bear the sender's address only, and no other writing. Such post cards will be returned to them in due course with the "Received" stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's names, and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also; if "Other Hindus", they should state in column 3 of their applications whether they are "Non-Brahman Caste Hindus", or "Panchamas". SALT, ABKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 6, *dated* 21*st January* 1913

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENSES.

The following revised notification is issued in supersession of Notification No 8, dated 6th February 1912, published in the Supplement to the *Fort St. George Gazette*, Part II, dated 6th February 1912.

In exercise of the power conferred on him under section 4 (*g*) of the Madras Abkari Act (I of 1886), the Commissioner of Salt, Abkari and Separate Revenue hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licenses on fixed fees for the sale and compounding of potable foreign liquors from and after the 1st April 1913 within the limits of the Madras Presidency :—

1. The term "foreign liquor" in these rules includes all wines, spirits and beer imported into the Presidency by sea or land; plain rectified spirits imported or locally made and on which the tariff rate of duty has been paid; all spirits manufactured or compounded in the country and made in colour and flavour to resemble gin, brandy, whiskey or rum (*or* spirits made in Malabar from cocoanut toddy, called "Malabar arrack") and excised at the tariff rates of import duty; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly excised, but excludes denatured spirits and ordinary arrack. In the case of licenses to Chemists, Druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term "foreign liquor" means pure rectified spirits imported from foreign countries by sea or manufactured in this country and excised at the tariff rate of duty

Note.—The minimum strengths at which imported and locally made foreign spirits can be sold are 35° U P. for gin and 25° U P. for all other kinds of spirits including Italian arrack except denatured spirits and Malabar, Cochin and Colombo arrack.

"Native" beer is beer brewed in India (*a*) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane sugar is employed, (*b*) which is brewed at a higher original gravity than 1,062° on a standard saccharometer and (*c*) the maximum price of which at the brewery is Rs. 40-2-0 per hogshead including the excise duty of three annas per gallon.

2. Licenses for the sale of foreign liquors shall be of the following descriptions :—

I. *Wholesale licenses for the sale of foreign liquor not to be drunk on the premises.*—These will be issued on an annual fee of Rs. 100 at the discretion of Collectors Under these licenses the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles of each kind at a time is prohibited. The holders of these licenses will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint.

II. *Retail licenses for the sale of foreign liquor not to be drunk on the premises to any person.*—These will be of two kinds—one for the sale of all kinds of foreign liquor, except "native" beer and the other for the sale of beer brewed in India.

"(a) The former will be issued at the discretion of the Board and Collectors on payment of an annual fee of Rs. 200 in the town of Madras and in Cuddalore, Coonoor and Wellington, Rs. 100 in towns having a population of 25,000 and over and in Kodaikanal, Yercaud, Kotagiri and Cochin, and Rs. 50 in the rest of the Presidency. Under these licenses the sale of liquor in a quantity less than one reputed pint and greater than two Imperial gallons in one transaction will be prohibited. In Madras the right of selling Colombo Cochin or Malabar arrack for removal from the premises in bottles in quantities exceeding one reputed quart will be restricted to tavern keepers who have taken out a special license for the purpose which will be issued on payment of an annual fee of Rs. 100, while the ordinary retail license-holder will be allowed to sell any kind of foreign liquor except Colombo, Cochin or Malabar arrack and "native" beer.

(b) Retail licenses for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

III. *Hotel licenses for the supply of residents in hotels and boarding-houses.*—These will be of two classes at annual fees of Rs. 150 or Rs. 75 in Madras, of Rs. 100 or Rs. 50 on the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licenses otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

In Madras a holder of a hotel license desirous of setting up and maintaining in his hotel a "bar" or "bars" may, on payment of a monthly fee of Rs. 50 for a first-class bar or Rs. 25 for a second-class bar, be granted a separate license to be called a bar license. This will cover the sale of foreign liquor, except Colombo, Cochin or Malabar arrack, under the same conditions and to the same extent as the tavern license.

In Madras, special bar licenses will also be issued to the proprietors of buffets at the Central and Egmore Railway stations and to the South Indian Athletic Association on payment of a fee of Rs. 50, Rs. 30 and Rs. 8-8-4 per mensem, respectively. This will entitle them to sell to all comers.

IV. *Refreshment-room licenses* will be of two classes—

(a) *For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dâk carriages for the supply on the premises of passengers by such railways or dâk lines.*—The annual fee payable for each license will be Rs. 50. Under these licenses liquor may be sold to passengers and persons armed with eatables in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of spirits or two reputed quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such passenger for removal from the premises.

(b) *For refreshment-rooms in which the sale of liquor is ordinarily combined with the supply of meals or of eatables prepared and served in the European manner.*—The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licenses of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licenses. The premises to be used for the sale of liquor under these licenses must be at least of the monthly rentable value of Rs. 50 in Madras and of Cuddalore and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

V. *Occasional licenses*, such as licenses for the sale of refreshment-stalls in connection with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licenses.

VI. *Special licenses* will also be granted by Collectors in consultation with the officers of the Salt, Abkari and Customs Department when the circumstances are such as not to allow of the issue of licenses of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VII.—*Auctioneer's licenses.*—Annual fee, Rs. 5. The following are important provisions of this License :—

(a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity at testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates or of trade consignments which are ullaged or otherwise unmerchantable.

(c) Authority to sell by auction at places other than that specified in the license, viz., at any private residence at which the licensee may hold an auction.

"*Note.*—In places where there are beer shops, holders of retail licenses for the sale of all kinds of foreign liquor except "native" beer will be permitted to sell beer brewed in India on English principles only in bottles as bottled at the brewery at which it was brewed.

VIII. *Licenses for the sale of pure rectified spirits.*—These will be issued to Chemist and Druggist firms and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 10. Under these licenses the possession of pure rectified spirits in excess of ten imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Salt, Abkari and Customs Department, specially authorise) is prohibited. Pure rectified spirits must not be sold under these licenses for other than *bona fide* medical, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one reputed pint in the case of sale to a private individual, two reputed quarts in the case of sale to a Chemist, medical practitioner or scientific body and three imperial gallons to any Government, Local Fund or Municipal hospital.

IX. *Licenses for the sale, as tonics or medicine, of medicated wines and similar preparations* containing 20 per cent. and upwards but not more than 42 per cent. of proof spirit will be issued by Collectors on payment of an annual fee of Rs. 10.

X. *Licenses for the compounding of foreign liquors.*—These will be issued by the Deputy Commissioner of Abkari to distillers on payment of an annual fee of Rs. 250.

4. Any two or more of the above kinds of licenses may be granted to the same person for the sale of liquor in the same premises.

5. No premises shall be used for the sale of liquor unless and until approved by the Collector.

6. All orders passed by Collectors under these rules will be subject to appeal to the Board of Revenue, whose decision will be final.

7. All licenses (other than occasional and special licenses) will have effect for the official year, i.e., from the 1st April in each year until the 31st March of the following year.

8. The fixed fees exceeding Rs. 50 on licenses other than special and occasional licenses will be payable in two instalments, one half being payable when the license is issued and the other half at the beginning of the second half year, viz., 1st October.

9. For the commencement of the trade, Collectors will, so far as possible, receive and dispose of applications for licenses under clause IV (*b*) to have effect during the following official year before the tavern sales for that year. Licenses for the sale of liquor in mofussil refreshment-rooms should be very sparingly given.

10. All further information may be obtained and forms of licenses may be procured at a charge of two annas each at the offices of Collectors.

11. The Board of Revenue in the department of Separate Revenue will issue such subsidiary instructions as may be necessary to the carrying out of these rules.

Board of Revenue (Separate Revenue),
Chepauk, 21st January 1913.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is *nil* inches, the average due for the same period being 0·64 inch.

SALT, ABKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 1, dated 21st January 1913.

NOTICE OF SALE OF ABKARI AND OPIUM PRIVILEGES

Notice is hereby given that the number of independent shops appointed for the sale of liquor, opium and intoxicating drugs during the twelve months beginning 1st April 1913 and ending 31st March 1914 and the local limits appointed for them will be notified by Collectors in their District Gazettes and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale

I. The districts in which independent arrack shops, foreign liquor taverns, beer shops, ganja shops and opium shops, respectively, will be sold are specified below :—

Independent arrack shops.	Foreign liquor taverns.	Beer shops.	Ganja shops.	Opium shops.
		From 1st April 1913.		
Throughout the excise tracts of the Presidency including the Banganapalle State.	In all districts except Ganjam, Vizagapatam, Nellore, Anantapur, Trichinopoly, Ramnad, the Nilgiris, Salem and South Canara.	In all districts except Ganjam, Vizagapatam, Godavari, Kistna, Guntur, Kurnool, Madura, Ramnad, Tinnevelly and South Canara.	Throughout the Presidency.	Throughout the Presidency.

Arrack and ganja wholesale depot licenses will be issued for all districts. Particulars regarding them will be found in clause XVI below. A separate notification will be issued regarding fixed fee foreign liquor licenses.

II. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the Kurnool district, the officer conducting the sale may, where he finds it necessary, require a deposit of Rs 10 only from bidders for arrack shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs 2.

IV. The shops will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops will not be published, but the average of the previous five years' rentals will be notified by the Collectors, wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Abkari / Opium Act as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which

he may consider to be purely speculative, after recording his reasons for doing so. Village officers* will not be allowed to bid for, or to have any direct interest in shops for the sale of intoxicants.

VII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless resisted by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken or the shop re-sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit† of half a month's rent (in addition to the deposit made under clause III) for each shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the shop will be put up again immediately by the selling officer as the above conditions or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other shop.

X. Persons to whom shops have been knocked down and who have made deposits as provided in clauses III and IX shall also deposit† such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed two months' rental, the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI *infra*.

XI. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum prescribed in clause X *supra* or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34 schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requisition under clause XI *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop re-sold under the orders of the Divisional Officer on the date notified by the Collector or otherwise disposed of by the latter officer.

XIII. Re-sales effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Tahsildar ‡ and the licensee so agree, it may be credited towards the last instalments of the kists payable by the latter.

Condition of Issue of Licenses for Wholesale Vend of Arrack and Ganja.

XVI. Applications for the privilege of the wholesale vend of country spirits and of intoxicating drugs prepared from the hemp plant should reach the Collectors concerned on or before the 1st March 1913 and each should be accompanied by a fee of Re. 1-4 which will be returned to those persons whose applications for licenses are not approved. The grant of licenses confers no exclusive privilege, and it will be open to the Collector to grant licenses under like conditions to other persons at any time during the currency of the licenses for which applications are now invited. Licenses for the wholesale vend of arrack will be granted to private persons only if they have obtained the consent of the arrack supply contractor of the district to the opening of their depots. If such depots are not so kept to the satisfaction of the Collector, they may be closed at any time. Arrack wholesale depot licenses will not be granted to persons having interest in retail shops.

The licenses issued under the above clauses will contain the following general conditions common to all abkari and opium licenses and the special conditions prescribed below for each particular kind.

General Conditions applicable to all Abkari and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from holding within their contract areas any interest in the retail vend of arrack or in the vend of other intoxicating liquors such as toddy, foreign liquor and beer, and from employing any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor or of rectified spirit to licensed vendors, nor does it prevent them from holding an interest in the retail sale of country spirits in areas other than those for which they have been granted the supply contract, or from holding ganja and opium shops either within or without their contract areas. Brewers are prohibited from having any interest either direct or indirect in the retail vend of beer on the Nilgiris.

2. The limits within which sales under any abkari or opium license may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject

to the rules applicable to unlicensed persons) of liquor, opium or intoxicating drugs outside those limits is prohibited.

2. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and an adjoining dwelling-house, they must be kept locked at night. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 and over, the shop premises shall have no doors except into the main street; there shall be no possible means of ingress or egress in any other direction: the interior of the shop shall be sufficiently lighted by day and the shop shall not be used as a place of residence save by the vendor and his family or servants.

4. Except in the case when two or more foreign liquor licenses are held by one person, sales under each license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor is prohibited. But intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium. In shops which are clearly of a superior character private bars may be sparingly allowed by the Collector, under a special license to be granted by him free of fee, provided that the interior of the bar is wholly visible from the doorway and that the entrance to it is either through the main door of the shop or through a separate door clearly labelled, or provided with a proper sign board to show its nature.

5. A sign-board must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and, in the case of taverns and wholesale depots, in English also. The license must be hung up in a conspicuous place within.

6. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to opium and intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. Nothing shall be added to liquor except in compounding, blending or reducing in accordance with the terms of a compounding license. Nor shall different kinds of liquor be mixed and sold under the designation of one of them. All officers authorized to inspect depots and shops (*vide* condition 14 *infra*) are authorized to detain any liquor, opium, or intoxicating drugs found unfit for consumption or use, or which they may believe to have been tampered with in any way, and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkari and Customs Department are empowered to confiscate or destroy any liquor, opium or intoxicating drugs unfit for consumption or use or which have been tampered with, and all liquor to which liquor of another description has been added and which is being offered for sale under the name of one of the liquors so mixed.

7. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 16 or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in depots or shops and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

8. No depot or shop shall be opened before sunrise or kept open after 9 P.M. except under special authority. In Madras sales after 9 P.M. will be allowed only in special cases under separate licenses and on payment of such fees as may be prescribed by the Collector. Power is reserved to Collectors on the report of the Police or for other sufficient reasons to order the closure of any particular shop either in towns or in the country at 6 P.M. or even at an earlier hour, if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed if the Collector so orders, while a regiment or detachment of European or native soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shopkeeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Collectors may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the area selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interest of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. Tahsildars may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

14. The right is reserved to the Collector to grant "Occasional Licenses" for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., only in places in the vicinity of which there are no regularly licensed shops. This power in regard to country spirits and toddy may also be exercised by Divisional Officers. Such licenses should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality or to the representatives of the renter. The licenses shall run only as long as they are actually required not exceeding ten days. Not more than one license shall be issued for a fair or festival without the sanction of the Board. The fees to be paid for the licenses shall be fixed at the discretion of the officers issuing them.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or Independent brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect

to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(1) to sailors of the Royal Navy, soldiers and members of their families, or
(2) to any other person living in barracks;

(b) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, all class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;
(2) to Policemen, Excise officers and Railway servants when on duty; or,

(c) in any circumstances to any—
(1) European vagrant under escort of the Police;
(2) child under sixteen years of age;
(3) insane person; or
(4) person known or believed to be intoxicated.

Note.—The restrictions in (a) and (d) do not apply to Native soldiers, their families and followers when they are absent on leave from their regiments.

18. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any abkari or opium license will be allowed, without special permission from the Collector, to possess any interest in any abkari or opium license in any Native State or foreign territory or in any British territory where a low rate of duty is in force and which is adjacent to the district in which he holds his license.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Collector shall be liable to be re-sold at the risk of the licensees.

19. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

20. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

21. No liquor, opium or intoxicating drug in excess of the quantity prescribed ‡ for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit; nor shall liquor or intoxicating drug be sold at wholesale depots in quantities less than the minima prescribed.

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. The accounts and permits shall be in printed books. The account books may be obtained from local Revenue officers on payment of cost price. The permit books can be obtained at all Circle offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by an officer not below the rank of Assistant Inspector of the Salt, Abkari and Customs Department.

23. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licenses.

24. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkari and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment.

25. The officers authorised to inspect licensed shops and depots are—
(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and
(2) any officer of the Salt, Abkari and Customs Department of rank not lower than Sub-Inspector.

These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, opium and intoxicating drugs in the possession of the licensees, and to call for and check the accounts kept in the shop or depot. Police officers will also make inspections when it comes within the scope of their duty.

29. Any sum due by a licensee may be collected * under the Revenue Recovery Act or adjusted from the deposit, if any, made by him at the commencement of the lease. He shall be bound to replace any sums adjusted from his deposit within fifteen days of receipt of notice from the Tahsildar †

30. Power is further reserved to Revenue officers to suspend* licenses in case of failure of payment of kists or (in the case of toddy) tree tax also on the due dates. In the case of arrack, toddy, ganja and beer shops and taverns, this power will be exercised by Tahsildars, † in the case of opium shops by Divisional Officers and in other cases by the Collectors.

31. In the event of suspension of a license for failure to pay arrears, the privilege of sale will be re-sold with effect from the date of issue of license to the new purchaser or otherwise disposed of at the Collector's discretion. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture. The officer who has power to suspend the license may, however, at his discretion, allow sales to continue pending re-sale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of 6 per cent. per annum.

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee—

Either (a) fine up to Rs. 50,

or (b) forfeiture of deposits, if any, and cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee,

The licensee or his agent may also be prosecuted for the specific offence committed.

Note.—For continuing breaches of a license, continuing fines may be imposed.

34. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license. Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Divisional Officer all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Abkari / Opium laws or of engagements entered into by them and to comply with the Divisional Officer's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Collector's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Salt, Abkari and Customs Department are absolutely prohibited.

37. With the sanction of the Board of Revenue, any license shall be revocable by the Collector at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Abkari / Opium laws and, if so required by the Collector or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.
